METABOOK TO PUBLISH NEW BOOK FROM NEW YORK TIMES BESTSELLING AUTHOR GREGG OLSEN

[New York, NY; September 6, 2016] Metabook announced today the acquisition of a new book from *New York Times* bestselling author Gregg Olsen. The yet-to-be-titled work will be published by Metabook in Fall 2017.

"I'm delighted to bring book lovers the kind of rich sensory experience that Metabook offers on its smart, inspired storytelling platform," Olsen said.

"Gregg Olsen is a masterful and gripping storyteller," said Ken Siman, publisher and editor-in-chief of Metabook. "We're excited that his many loyal readers will be able to experience this new work as a Metabook."

With this title, Olsen joins a growing number of authors—including John Berendt, Wally Lamb and Kathleen R. Sands—who are choosing to release their works on Metabook's multimedia platform for iPad and iPhone. In addition to the full text of the book, each Metabook title includes an array of exclusive content and multimedia features specifically created for that title.

About Metabook:

Metabook is the new digital reading experience for iPad and iPhone that seamlessly integrates original works of fiction and non-fiction with exclusive multimedia content from Grammy, Emmy, Tony and Academy Award caliber talent. Metabook will release *I'll Take You There*, the new novel by #1 *New York Times* bestselling author Wally Lamb, on November 20, 2016. Metabook can be visited online at: www.metabook.com.

About Gregg Olsen:

Gregg Olsen's work has been praised by Ann Rule ("searing and brilliant"), Lee Child ("as good as it gets"), and Michael Connelly ("top notch"). Olsen is the author of ten *New York Times* bestsellers including *Starvation Heights* and *A Wicked Snow*. A Seattle native, he lives in Olalla, Washington.
